

## Midwestern Chapter International Society of Arboriculture

To MWISA Chapter members,

The board of directors recently voted and we are pleased to announce the MW-ISA chapter will be providing monetary scholarships to students pursuing a career in Arboriculture, Forestry, or Urban & Community Forestry. A Scholarship Selection Committee appointed by the Chapter President will select the scholarship recipients. Selection of scholarship recipients is based upon selected criteria, including citizenship, employment history in the field of Arboriculture or Urban & Community Forestry, career goals, and why the scholarship is important to the applicant.

For the 2017 spring semester, the board voted to approve up to 5 individual scholarships at \$1,000.00 each, which would be paid to a school, in their behalf. Please visit the web site for the scholarship application.

**We bring to your attention**, this year will have a very short turnaround to meet the spring semester deadline. All scholarship application submittals are due back by December 20, 2016. It is our hopes the program will continue in future years. The awards will be presented to the applicants at the 2017 Winter MW-ISA annual awards luncheon in St. Louis this coming February.

Most Respectful,

Crystal Miles  
MWISA Scholarship Liaison.
