

June 2016

Your donations are making a difference!

When emerald ash borer (EAB) invaded Colorado, Colorado Tree Coalition (CTC) acted quickly to educate communities about this devastating pest. Using an Arboriculture Education Grant from the TREE Fund, CTC's EAB Colorado Public Relations Project informed more than 100,000 affected citizens about EAB and taught communities how to plan and budget for their response. This has decreased the risk and speed of the infestation and reduced its financial impact. Read more about this important and timely project on [our website](#).

Additional grant awards available! Apply today for research and education grants at treefund.org:

- [Ohio Chapter ISA Education Grant Program \(up to \\$5,000\)](#) - Letter of intent due **August 1**
